

STAYING SAFE

The VALID Staying Safe Information Session is about people staying safe in their home, service, workplace and community.

The VALID Staying Safe Information session provides information about the things people with disability can do to stay safe. The session includes, videos, stories and examples of how to prevent different types of abuse.

Staff and supporters are encouraged to attend the session to provide ongoing support, to encourage the conversation to continue, and to help people to speak up, reach out and get help.

Contact details for services that support people are provided at the end of the session.

Abuse and Neglect is NOT Okay!
